Having lived through both World Wars, Jung was aware of the dangers of what he termed "psychic epidemics." He discussed the spontaneous manifestation of an archetype within collective life as indicative of a critical time during which there is a serious risk of a destructive psychic epidemic. Currently, we appear to be experiencing a significant psychic epidemic that is manifesting as ...

Advertising is a pervasive influence on children and adolescents. Young people view more than 40 000 ads per year on television alone and increasingly are being exposed to advertising on the Internet, in magazines, and in schools. This exposure may contribute significantly to childhood and adolescent obesity, poor nutrition, and cigarette and alcohol use.
