A little over a year ago I wrote a post about the flipped classroom, why I loved it, and how I used it. I have to admit, the flip wasn't the same economic and political entity then that it is now. And in some ways, I think that matters.

## **Why I Gave Up Flipped Instruction**

Biodiversity is not evenly distributed, rather it varies greatly across the globe as well as within regions. Among other factors, the diversity of all living things depends on temperature, precipitation, altitude, soils, geography and the presence of other species. The study of the spatial distribution of organisms, species and ecosystems, is the science of biogeography.
