Guidelines for Educating Students with Specific Learning

To achieve literacy, there must be reading. To achieve reading, it must be meaningful. To achieve meaningfulness, there must be communication.

Literacy for Children with Combined Vision and Hearing Loss

Education is the process of facilitating learning, or the acquisition of knowledge, skills, values, beliefs, and habits. Educational methods include storytelling, discussion, teaching, training, and directed research. Education frequently takes place under the guidance of educators, but learners may also educate themselves. Education can take place in formal or informal settings and any ...

States Are Underinvesting in Educating Children in Low-Income Neighborhoods. State economies "and, in particular, the economies of many low-income neighborhoods " would be stronger over time if states spent less in maintaining extremely high prison populations and more to educate children and young adults.
