Utilizing the tools of quantum optics to prepare and manipulate quantum states of motion of a mechanical resonator is currently one of the most promising routes to explore nonclassicality at a macroscopic scale.

From the reviews: "It is a companion second volume to the author's undergraduate text Fundamentals of Probability: A First course". The author seeks to provide readers with a comprehensive coverage of probability for students, instructors, and researchers in areas such as statistics and machine learning.

Plasma (from Ancient Greek πλάσμα, meaning 'moldable substance') is one of the four fundamental states of matter, and was first described by chemist Irving Langmuir in the 1920s. Plasma can be artificially generated by heating or subjecting a neutral gas to a strong electromagnetic field to the point where an ionised gaseous substance becomes increasingly electrically conductive, and ...

The physics of magnetic resonance imaging (MRI) involves the interaction of biological tissue with electromagnetic fields. MRI is a medical imaging technique used in radiology to investigate the anatomy and physiology of the body. The human body is largely composed of water molecules, each containing two hydrogen nuclei, or protons. When inside the magnetic field ( $B_0$ ) of the scanner, the ...

Core-shell particles are usually synthesized by a two-step or multiple-step process. The core particles are synthesized first and the shell is then formed on the core particle via different methods, depending on the type of core and shell materials and their morphologies. Core-shell nanoparticles have been mostly

investigated, compared to coreâ€shell microspheres.

Machine Learning in Action [Peter Harrington] on Amazon.com. \*FREE\* shipping on qualifying offers. Summary Machine Learning in Action is unique book that blends the foundational theories of machine learning with the practical realities of building tools for everyday data analysis. You'll use the flexible Python programming language to build programs that implement algorithms for data ...
