Preadolescence, also known as pre-teen or tween, is a stage of human development following early childhood and preceding adolescence. It commonly ends with the beginning of puberty, but may also be defined as ending with the start of the teenage years. For example, dictionary definitions generally designate it as 10–13 years. Preadolescence can bring its own challenges and anxieties

The Norse exploration of North America began in the late 10th century AD when Norsemen explored and settled areas of the North Atlantic including the northeastern fringes of North America. Remains of Norse buildings were found at L'Anse aux Meadows near the northern tip of Newfoundland in 1960. This discovery aided the reignition of archaeological exploration for the Norse in the North Atlantic.
