### **International Listening Association - Home**

Active listening is a technique that is used in counseling, training, and solving disputes or conflicts .It requires that the listener fully concentrate, understand, respond and then remember what is being said. This is opposed to reflective listening where the listener repeats back to the speaker what they have just heard to confirm understanding of both parties.

### **Active listening - Wikipedia**

Many researchers have examined the effects of how music pro-vokes violent behavior . This is an important issue because of how much time people spend listening to music.These studies can help

### **Does Rap or Rock Music Provoke Violent Behavior?**

One of the "New School Year" resolutions I set for myself this fall was to devote more time in lessons to listening. A couple of workshops I attended last spring and summer challenged me to think about how often my students are exposed to really excellent, highly musical performances. The short answer! not enough!!
