Conducting is the art of directing a musical performance, such as an orchestral or choral concert. It has been defined as "the art of directing the simultaneous performance of several players or singers by the use of gesture." The primary duties of the conductor are to interpret the score created by a composer in a manner which is reflective of the specific indications within that score, set ...

Music theory is a field of study that describes the elements of music and includes the development and application of methods for composing and for analyzing music through both notation and, on occasion, musical sound itself. Broadly, theory may include any statement, belief, or conception of or about music (Boretz, 1995). A person who studies or practices music theory is a music theorist.

½ cup Limitations, Delimitations (scope) Limitations are potential weaknesses in your study and are out of your control. We find limitations in almost everything we do. If you are using a conventional oven, food in the middle racks often are undercooked while the food closest to the burner and the top can be too well done.
