Publication Manual of The American Psychological

If you use the author's name in the sentence, simply include within parentheses the date of publication after the author's name: Barrow (1974) found However, if you do not incorporate the author's name into the sentence, include the author's last name and publication date within parentheses:

APA STYLE MANUAL - Bowling Green State University

American Psychological Association (APA) Documentation M This handout begins with general guidelines about the parts of a paper you need to document, and then presents a brief overview of the APA documentation system as described in the 6th edition of the Publication Manual of the American Psychological Association (2009). The sections that follow describe and illustrate (I) the reference list and (II) text citations.

American Psychological Association (APA) Documentation M

The American Psychological Association (APA) Publication Manual sets the editorial standards for over 1000 journals in the behavioural, life and social sciences. Well known for its referencing standards, the Manual is also an authoritative source of statistical advice for many journals.
