**MWANZA REGION SOCIO-ECONOMIC PROFILE - Tzonline**

Socioeconomics (also known as social economics) is the social science that studies how economic activity affects and is shaped by social processes. In general it analyzes how societies progress, stagnate, or regress because of their local or regional economy, or the global economy. Societies are divided into 3 groups: social, cultural and economic.

Socioeconomic status (SES) is an economic and sociological combined total measure of a person's work experience and of an individual's or family's economic and social position in relation to others, based on

income, education, and occupation. When analyzing a family's SES, the household income, earners' education, and occupation are examined, as well as combined income, whereas for an ...
